Requesting and Using Interlibrary Loan Items

When you're in a database, click the **Get Wext** icon, and see that we don't have an item, it's easy to request it from interlibrary loan.

Log in with your PID and password. Once you've logged in, you'll be taken to a request page with information from the database already filled in.

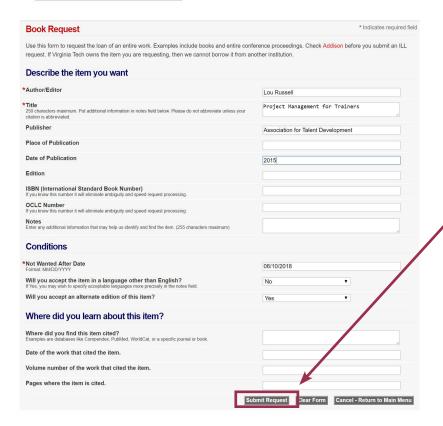

Once the requested item is available, you'll be notified via your preferred method of communication.

You can also enter requests manually. Log in to ILLiad directly via the library's home page.

Place a Request
Article/Book Chapter
Book
Dissertation/Thesis
Media
Standard

Patent

From the menu on the left, select the type of item you'd like to request.

Enter as much information as you have about the item, including the required information, and then click Submit Request.

You'll be notified when the item is available.

Returning Items

On-campus users must return return books and other media to the ILL returns bin at Newman Library or one of our branch libraries. Do not return items to the bins outside of the library.

Extended campus users who live outside of the New River Valley (Montgomery, Giles, and Pulaski counties) can have books and other media mailed to them. When it's time to return the item, use the mailing label sent with the item to return it for free. Users in the National Capital Region can also pick up and return items at the Northern Virginia Center Resource Center.

For additional information on interlibrary loan, visit guides.lib.vt.edu/ill.
